Your repayments will pay off what you owe in the following order.

We will apply payments to balances bearing the highest interest rate first. In applying this principle, we will first apply payment to amounts that have appeared on your monthly statement, and we may secondly, apply payments to amounts that have not yet appeared on your monthly statement.

The total amount you will have to pay
This means the amount you have borrowed plus interest and other costs.

As we do not know yet the amount that you will borrow we are allowed by law to make assumptions to help you understand the total amount you will have to pay. We assume you use your card for a purchase of £1,200 at the commencement of this agreement and repay it together with applicable interest and charges by 12 equal monthly instalments over the period of one year at the standard interest rate for purchases set out in section 3 "The rates of interest which apply to the credit agreement" and it does not take into account any promotional rate that we may apply or any change in the interest rate.

The total amount you will have to pay is £1,485.27.

3. Costs of the credit

The rates of interest which apply to the credit agreement.

Subject to any promotional rate notified to you, we will charge interest on all balances that result from transactions, other than cash advances and balance transfers at the standard rate of 1.53% per month, 19.9% per annum on a daily basis on the amount you owe in respect of the transactions from the date the transaction is applied to your account until the amount is fully repaid to us.

Subject to any promotional rate notified to you, we will charge interest on all balances that result from cash advances (including gambling transactions) at the standard rate of 2.08% per month, 27.9% per annum, on a daily basis, on the amount you owe in respect of the cash advance from the date the cash advance is applied to your account until the amount is fully repaid to us.

We may offer you the opportunity to request a balance transfer(s) from time to time - Subject to any promotional rate notified to you, we will charge interest on all balances that result from balance transfer(s) at the standard rate of 1.53% per month, 19.9% per annum, on a daily basis from the date the balance transfer is applied to your account until the amount is fully repaid to us.

We may change any of the above standard rates of interest. We will give you at least 30 days' advance personal notice of all changes, unless the change is to your advantage or not to your disadvantage (for example when we reduce your interest rate). In this case, we will still give you personal notice but we may make the change more quickly. We will tell you about changes by putting messages in or on your monthly statement, or sending you a separate written notice by post or electronically (which includes posting them on an American Express website www.americanexpress.co.uk, through links provided on a statement or other notice, email, text messages or similar or any combination of these or other means).

We will not charge any interest on any transaction, other than a cash advance or a balance transfer, if the whole amount you owe on the account is fully repaid to us by the due date set out on your statement. If you do not pay the full amount that you owe by the due date set out on your statement, we will charge interest on the amount of each transaction from the date the transaction is added to your account until the balance is repaid.

We may, at any time, reduce the interest rate on any transaction or balance transfer (called a promotional transaction), or any particular class of transactions, incurred during a promotional period. We will tell you about such interest reductions and the length of the promotional period. If such a reduction takes place, we will charge interest on the outstanding amount in respect of any relevant promotional transaction at the reduced rate during the promotional period and then at the normal rate when the promotional period has come to an end. We reserve the right not to apply reduced interest rates on any promotional transactions if you do not keep to the terms of your

credit agreement including if you do not pay the minimum amount each month.

Annual Percentage Rate of Charge (APR).

This is the total cost expressed as an annual percentage of the total amount of credit. The APR is there to help you compare different offers.

50.1% APR. We assume you use your card for a purchase of £1,200 at the commencement of this agreement and repay it together with applicable interest and charges by 12 equal monthly instalments over the period of one year at the standard interest rate for purchases set out in section 3 "The interest rates which apply to the credit agreement" and does not take into account any promotional rate that we may apply or any change in the interest rate. Using this agreement for transfers and transactions other than card purchases may result in a higher APR.

We may change the circumstances in which any of the fees on your account are charged, the amount of those fees and introduce additional fees. We will give you at least 30 days' advance personal notice of the changes, unless the change is to your advantage or not to your disadvantage. In this case, we will still give you personal notice but we may make the change more quickly. Additional Explanations about the British Airways American Express Premium Plus Credit Card

BEFORE YOU APPLY FOR THIS CREDIT PRODUCT PLEASE READ

We'd like to explain some of the key things you need to know about your credit card product before you sign your credit agreement.

Please also read the Pre-Contract Credit Information document (known as the SECCI) we have provided to you.

Examples of some of the types of use for which a credit card is not suitable

Your credit card is not intended for long-term borrowing or for funding other forms of long-term borrowing commitments such as mortgage loan repayments or personal loan repayments. We recommend that you do not apply for a credit card if you are experiencing financial difficulties.

Please note that your credit card product is a variable rate product. If you prefer a fixed rate product, do not apply for this product.

The amount you need to repay

The minimum amount you must pay each month will be shown on your monthly statement and will be the greater of (i) £25 (or the total amount owing if less); and (ii) any interest, default fees, repayment protection insurance, overdue amounts and 1/12th of any annual fees or the full monthly fee (if applicable to the product you hold) plus 2% of the remaining balance.

You can always pay more than the minimum payment. If you only pay the minimum balance, it will cost you more overall and will take you longer to clear your balance. When you make a payment to your account, we apply the payment to balances bearing the highest borrowing rate first. The borrowing rates vary dependent on the type of transaction – for example cash advances cost more than purchases.

Certain features of your credit card agreement which could have an adverse impact on you

It may cost you more to use your card in some ways than others. For example, if you withdraw cash, the interest rate may be higher and you will have to pay a fee of 3%. If you use your card to pay for something in a foreign currency, you will have to pay a commission of 2.99%. If you make a balance transfer, you will have to pay a fee of up to 3%.

Subject to any promotional offer we may make to you, a card membership annual fee of £150 is payable annually at the beginning of this agreement and at the beginning of each subsequent membership year.

We may change the interest rates, fees or commissions on your account in various circumstances, for example if there is a change in your circumstances or an increase in our costs.

Consequences of missing payments

If you fail to keep up your repayments in accordance with your credit card agreement the following consequences could arise:

- (i) you will be liable for a Late Payment Fee of £12;
- (ii) you will lose the benefit of any promotional interest rate;

- (iii) your credit rating may be impaired making it more difficult or expensive for you to get credit in the future;
- (iv) legal action may be taken against you to recover amounts owing and you may have to pay any associated legal costs;
- (v) an application may be made to declare you bankrupt;
- (vi) if we have the benefit of a charging order, we may then seek an order for sale which could mean that your home or your property may be repossessed.

Your right of withdrawal
