

OPTIMISE SPEND WITH @ WORK REPORTING

Discover opportunities in your data.

A fully interactive, web-based tool, @ Work Reporting allows you to dive deep into your company's spend data and find actionable insights that can help your company leap forward.

Select your own data to create a Customised Report or choose from many Standard Reports to gather insights and answer questions like:

- Which of my employees are Card holders?
- Which cost centre or BCA/MCA are Cardmembers linked to?
- Which Cardmembers are overdue?
- What are our top industry categories of spend?
- How much are we spending at each supplier?
- How does our hotel spend compare to our peers*?
- How much car rental spend did we have?

*Reporting details vary depending on your company's agreement with American Express.
