

Phasing Out American Express International Apply For Card

With Global Apply for Card (GAFC) now well-established and widely used in the United Kingdom, the time has come to phase out International Apply for Card (IAFC).

This Will Happen In Two Phases:

Phase 1

Advance notice of at least
90 DAYS

Programme Administrators using IAFC will see a static message about the upcoming changes while continuing to have full access to IAFC. The static message will be posted on the IAFC screen in **mid to late January**.

Phase 2

IAFC will then be available for a further
90 DAYS
IN VIEW MODE

During this phase Programme Administrators **will be able to use IAFC to view and approve applications already initiated on IAFC**. All other IAFC capabilities will be turned off.

To edit access keys, create new access keys, or initiate new applications, Programme Administrators will need to use GAFC. **All UK clients who use IAFC will automatically be given access to GAFC, if not already.**

Programme Administrators will find their active IAFC access keys in GAFC, ready for use. **We will automatically migrate their access keys before IAFC View Mode starts.**

Thereafter

IAFC will be completely
PHASED OUT

Card applications will be managed on one centralised platform: GAFC.

This will provide the Programme Administrator with one seamless destination to initiate, send, track, and approve all digital Card applications across multiple markets.
