

Discover opportunities in your data.

@ Work Reporting gives you the power and flexibility to turn information into actionable insights that work for you. When you have a comprehensive picture of your spending, you can make a real impact to drive your business forward.*

Increased visibility into company spend at different levels (global, national, Cardmember) allows:

- ✓ Increased spend control through improved respect of spend policy thanks to Cardmember & supplier reports
- ✓ Identification of spending pattern to adapt spend policy
- ✓ Optimization of supplier negotiation
- ✓ Management of your corporate Card programme (detailed Cardmember listings)

Choose from many Standard Reports:

- Simple, preformatted PDF and XLS
- Pick from a menu of helpful reports
- Easy two-step process to set-up reports
- Delivered monthly

Use your data to create Customised Reports:

- Choose your data elements/filters
- Immediate results
- 27 months of detailed historical data
- 51 months of summarised historical data

Gather insights and answer questions like:

- Who are all of our Cardmembers and what is their spend activity?
- Which Cardmembers are overdue?
- What are our top industry categories of spend?
- How much are we spending at each supplier?
