Update on Reward Multiplier

Thank you for being a valued Card Member.

We are writing to share an important update regarding the [Reward Multiplier](#) program, where you can earn up to 5X* Membership Rewards® on shopping and travel with select brands, as well as on purchases made through the e-Voucher platform, [ShopWise](#).

What's Changing

Effective 30 September 2026, the **Reward Multiplier** program will be discontinued. While accelerated Membership Rewards® points on purchases made with select brands will no longer be available, you can continue to earn up to 5X* Membership Rewards® on eligible purchases through **ShopWise, an independent platform offering e-Vouchers from 200+ brands across shopping, dining, and travel.**

No Change to your Membership Rewards® points earn rate or value.

- You will continue to earn points on all eligible* purchases at the regular earn rate.
- You will continue to enjoy Membership Rewards® points that never expire, provided your Card Account remains active and in good standing.

Membership Rewards® points earned on eligible purchases up to 29 September 2026 11:59 PM will be credited to your account as per the terms and conditions of the Reward Multiplier program.

If you have any questions, please chat with us via the Amex Mobile App or call the number on the back of your Card.

Thank you for your continued trust in American Express.

Warm regards,

American Express Banking Corp., India
