

WAYS TO MANAGE YOUR COMPANY'S BUSINESS EXPENSES

Better ways to manage transactions, smarter ways to pay

CORPORATE CARDS

Simple, safe payments, all over the world

Corporate Cards are created for mid-sized and large companies and multi-nationals. They represent a flexible, efficient way to manage business and travel expenses.

Wherever employees are they'll enjoy additional **protection, generous benefits and valuable support**, while your company benefits from enhanced visibility and control over spending. With a choice of different type of Corporate Cards, there's something to suit everyone.

vPAYMENT

Enhanced spend control and less administration

vPayment is a virtual solution that allows you to **generate single-use account numbers that facilitate secure and efficient payment for goods and services.**

It provides you with granular control of your expenses, reduces paperwork and errors, enhances security and offers opportunities for online spend analysis. All while significantly reducing errors and the risk of fraud.

CORPORATE PURCHASING CARD/ACCOUNT

Manage low amount, high volume purchases

The Corporate Purchasing Card/Account **enables employees to spend whenever and wherever they need to**, either on a regular basis or ad-hoc, with the option to customise appropriate controls and full transaction reporting.

- » Effective management of indirect spend
- » Backed by invoice data and VAT reporting across several European countries, based on individual, departmental or supplier accounts
- » Full invoice details on every transaction, including full VAT information for domestic transactions, supplied in a monthly consolidated invoice
