

## Drive more value from your American Express® Corporate Card Programme

Many companies that already use their American Express Corporate Cards for travel and entertainment expenses could be missing out on additional value for their business, by not optimizing the opportunities of this programme.

### Use the Corporate Card for everyday business spend

Using the Corporate Card to pay for everyday business expenses like IT hardware and software, office supplies and equipment or couriers and freight, can benefit your company in many ways:

- **Improve your company's cash flow**  
Keep cash in your business for up to 58 days<sup>1</sup>.
- **Gain greater control and visibility**  
Timely, accurate spending information enables control over costs and provides the opportunity to negotiate with suppliers based on spending across all of the Corporate Cards.
- **Earn points in our Membership Rewards programme**  
Your company can realise savings by redeeming points for example free hotel nights, air tickets or gift vouchers. Have a look at [www.membershiprewards.nl](http://www.membershiprewards.nl) for all possibilities.
