# Multi-Currency

Navigating the global marketplace just got easier with Multi-Currency processing.

## REACH MORE AMERICAN EXPRESS® CARDMEMBERS IN MORE COUNTRIES

170 countries to be precise. Multi-currency processing from American Express is your business' passport to reach more customers in more countries around the world.

Multi-currency processing can help you expand your business to untapped countries by enabling American Express Cardmembers to purchase your goods in their local currency, giving them the convenience and confidence of knowing exactly how much they are paying.

## IS MULTI-CURRENCY PROCESSING RIGHT FOR YOUR BUSINESS?

- Do you operate in more than one currency or more than one country?
- Do you accept currencies from around the world?
- Do you require or prefer centralised processing and reconciliation?
- Do you operate in a card-not-present environment?

## TELL THE WORLD YOU'RE OPEN FOR BUSINESS

- Expand your business to untapped countries, while avoiding the expense of maintaining a physical local presence.
- Do business the way you want with flexible payment options.
- Gain greater insight and financial control through 24/7 centralised online management and reporting of your Merchant Account.
- Reduce the challenge of handling payments from around the world with automatic currency conversion.

With our flexible payment options, single file submission, and broad currency coverage that lets you accept payments in **124 currencies** and settle in 18 currencies\*, you can extend your business reach to customers around the world.

\*Note: Based on your business needs, a combination of these payment options can be used. Some currencies may have restrictions due to regulatory requirements, for more information contact your American Express Representative.
