Integration Options – Secure File Transfer			•		
Integration Options – Authorization Request	•	•			•
Supports Recur. Bill/Card on File Payments			•		

Contactless Payments – *Give your customers a fast, secure and safe way to pay.*

With contactless payments, customers can check out by holding their card over the reader of a contactless-enabled terminal. No swiping, signing receipts or entering PINs.

EMV Chip Card Payments – *Make in-person checkout more secure.*

Protect your customers with the global standard in card-present transactions. EMV* chip cards use two-factor authentication that will help deter counterfeit or lost/stolen card fraud for you and your customers.

Cardrefresher – *Keep recurring Card payments and sales moving forward.*

Recurring card payments are a great way to build sales. With Cardrefresher, you can get new card data on American Express Cards sent to you automatically, saving you valuable time.

Click to Pay with American Express – *Make it easy for your customers to check out online.*

Give your customers a fast, easy and convenient online shopping experience. Click to Pay allows Card Members to check out without re-entering Card information every time they order.

Multi-Currency (MCCY) – *Bring a world of sales right to your business.*

Expand your e-commerce business internationally to millions of people in more than 170 countries. Multi-Currency allows international customers to pay in their own currency.
