

Not sure you can accept American Express?

Quickly test your terminal to validate using the instructions to the right, then tell your employees you accept American Express® Cards.

- 1.** Choose “Sale” key on your terminal, or follow procedures for a keyed manual transaction
- 2.** Key in Card Number 373953312381006, then enter expiration 12/XX (Replace XX with last 2 digits of the current year)
- 3.** If terminal prompts for additional info, press “Enter/Send” or enter “0000” to bypass
- 4.** When the terminal displays Decline response, this indicates a successful test transaction*

*If DECLINE is not received, please contact your POS terminal provider to troubleshoot the issue.
